Need for the Project: Kongapadu village is located in Addanki Mandal, Prakasam district. In a total there are approximately 700 people living in the village. Though village has an existing water supply sourced from a well digged in Gundlakamma River. The River is about a Kilometer distance from the village. Supply of water is not consistent due to lack of rain, repairs to long pipeline which carries water from river to village. Since the water is from the well which is in the region of high fluoride content in the ground water, the untreated water is causing lot of health issues to the villagers. The Village panchayat was not able to install water purifying plant due to lack of funds. The proposal is to dig a new bore well and build a water plant that continuously feed purified drinking water to the plant. Panchayat is committed to take care of the new bore well and ongoing maintenance once the plant once it is established.	
Project Requirement:	

The tasks to be completed are:

1. Water Analysis
2. Equipment needed to purify drinking water
3. Installation of plant
4. Kongapadu village Panchayat will cover the operating costs such as bore well, electricity bills and replacement filters.

Project Contributors in Village:

1. Surendra Babu Kari
2. Gaddamadugu Suresh Babu
3. Cheedara Sudhakararao
4. Jagarlamudi Prasannajaneyulu
5. Narra Ramanjaneyulu

Estimated Project Cost:

Rs. 300,000

Timeline for Project Execution:

To be completed by 31st December 2016

Beneficiaries of the project:

Presently 700 economically backward people, probably more in future generations.

Proposed Maintenance Plan:

N/A

Local Contributors for the project:

Surendra Babu from same Village came forward to support 50% of project cost.

Kongapadu village panchayat will cover the operating costs such as bore well, electricity bills and replacement filters.

Proposed Project Execution methodology:

Additional info:

I/We hereby declare that the above statement is true to the best of my knowledge and belief, and understand that if any incorrect information may subject to project suspension/implementation.

Place: Kongapadu
